

天医国际
TianYi international

BRAND STORY

Guangzhou Tianyi International was founded by experts from Jinan University and Sun Yat-sen University in Guangzhou. The company pioneered the application of biotechnology and pharmaceutical standards in the research and development of beauty and skincare products, positioning itself as a trailblazer in China's medical aesthetics industry. Its flagship offerings include bioactive ingredients, medical-grade skincare products, and medical device skincare solutions. The product portfolio spans medical aesthetics lines, professional lines, and daily skincare lines, with clients spanning multiple countries and regions including the United States, the United Kingdom, and Taiwan.

Tianyi International's subsidiaries include:

- Manufacturing plants:
 - Cosmetic-grade plant: Craft Bio
 - Medical device-grade plant: Tianyi Medical Devices Factory
- Sales company:
 - Huaxi Medical Aesthetics

CERTIFICATE

ISO 22716:2007

DEKRA hereby certifies that the company

Guangzhou Jiangxin Biotechnology Research Co., Ltd

Scope of certification:

The Production and Manufacture of General Liquid Unit (Hair Care and Cleaning type#, Skin Care Water type#, Gel type#) and Cream Emulsion Unit (Skin Care and Cleaning type#, Hair Care type#).

Note:# Indicates that It has the Production Conditions for Skin Care Cosmetics for Eyes, and Skin Care Cosmetics for Babies and Children.

Certified location:

Room 301, No.480, Guanghua 3rd Road, Guangzhou Private Science and Technology Park, Baiyun District, Guangzhou City, Guangdong Province, P.R.China

Has established and maintains a management system according to the standard ISO22716:2007 (Cosmetics-Good Manufacturing Practices-Guidelines on Good Manufacturing Practices). The conformity was adduced with audit report No. **OF23120035**.

This certificate is valid from 2024-02-22 to 2027-02-21 Certificate registration no : **DH2024GMP(B)0018**

Date of re-/certification audit: 2023-12-30

The current status of certificate can be searched on [http:// www.cnca.gov.cn](http://www.cnca.gov.cn) This certificate is valid only after successful annual surveillance audit by DEKRA and a new certificate will then be issued.

Date of first surveillance audit:

Date of re-issue of certificate:

Date of second surveillance audit:

Date of re-issue of certificate:

General Manager :

Paulson Wei

Date : 2024-2-22

First surveillance audit before 2025-02-20	Second surveillance audit before 2026-02-21

PRODUCT NAME	INCI NAME	PATENT TITLE	PERFORMANCE CHARACTERISTICS AND APPLICATIONS	PATENT NUMBER
Fibronectin Transdermal Peptide	Fibronectin, Glycerol, Phosphoric acid, Sodium dihydrogen phosphate, Sodium phosphate dibasic	Phosphoric Acid: A Method for Extraction and Purification of a Recombinant Protein	Repair, Anti-Aging	ZL 201310730638.6
Superoxide Dismutase (SOD)	Superoxide Dismutase (SOD)	A Superoxide Esterase Cu,Zn-SOD Gene and Its Applications	Anti-aging, Antioxidant, Free Radical Scavenging	ZL 201710136463.4
Clusterbiophoton®NanoAu-TF纳米	Silver Ear Polysaccharides, Gold	A Novel Structure of Gold Nanocolloids and Their Preparation Method	Anti-aging, Promotes Penetration	ZL201310282563.X
NANO SILVER	Polyvinylpyrrolidone, colloidal silver	A Biosynthetic Method for Cubic Silver Nanoparticles	Antibacterial, Preservative	ZL 201510250123.5
NANO PLATINUM	Gold-plated platinum, gold, hyaluronic acid, sodium hyaluronate	A Nano-Platinum Polymer, Its Preparation Method, and Applications	Antioxidant, Catalytic, Hydrating, Repairing	ZL 201710754576.0
SAPPCHEM MP80	PEG-6 Caprylic/Capric Triglyceride, Propylene Glycol, PEG/PPG-25-30 Copolymer	Makeup Removal Composition, Method for Preparing the Same, and Application	Gentle Makeup Remover	ZL 201710754576.0
Ectoderin	Tetrahydro-methylpyrimidine-1-carboxylic acid	The Tetrahydropyrimidine Biosynthetic Gene Cluster and Fermentation Method for Producing Tetrahydropyrimidine	Repair, Soothe, And Combat Aging	ZL 202310658895.7
Loxapine	Hydroxypropyl Tetrahydroxypropyl Triol	A Method for the Biosynthesis of Boswellic Acid A Dehydrogenase Mutant and Its Application in the Synthesis of S-Boswellic Acid	Repair, Anti-Aging	ZL 202210135732.6 ZL 202311146214.5
Dipotassium Glycyrrhizate	Dipotassium Glycyrrhizate	Method for Preparing Low-Residual Alcohol and Low-Residual Ammonium Dipotassium Glycyrrhizate	Anti-inflammatory and anti-allergic	ZL 201710651185.6
LIQUIRITIC ACID STEARYL GLYCYRRHETINATE	Liquiritic Acid Stearyl Glycyrrhetinate	A Method for Preparing Glycyrrhetic Acid	Anti-inflammatory and anti-allergic	ZL201010183738.8
LIGUSTILIDE	LIGUSTILIDE	Production Process for Jointly Isolating High-Purity Glycyrrhizin to Remove Bitterness, Glycyrrhizin Sweetening Agent, and Total Glycyrrhizin Flavonoids from Glycyrrhetic Acid Monoammonium Salt Mother Liquid Paste	Skin Whitening	ZL 202011128456.8
Sodium Hyaluronate	Sodium Hyaluronate	Method for Constructing Hyaluronic Acid-Producing Engineered Bacterial Strains Using Recombinant Expression Plasmids and Its Application	Moisturizing, soothing	ZL 202110359257.6
a-Arbutin	a-Arbutin	A Chromatographic Device and Method for Removing Hydroquinone from α-Arbutin A Purification Method for Enzyme-Catalyzed Synthesis of α-Arbutin	Skin Whitening	ZL 202111134190.2 ZL 202111133858.1
Thermosensitive agent	Vanillin butyl ether	A Method for Synthesizing Vanillyl Ether	Fever reduction, joint mobility enhancement, weight loss	ZL 201910331904.5
Vitamin C Ethyl Ether	Vitamin C Ethyl Ether	A Process for Preparing 5,6-O-Isopropylidene-L-Ascorbic Acid	Brightening and Spot-Reducing	ZL 201910571288.0
Diaminopyrimidine oxide	Diaminopyrimidine oxide	A Method for Synthesizing a Diaminopyrimidine Oxide	Prevent hair loss and promote hair growth, Nourish and strengthen hair, Promote eyelash growth	ZL 202310206401.1
53% Glyceryl Glucoside	Glyceryl glucoside	Synthesis Method of α-Glyceryl Glucoside	Moisturizing, Repairing, Anti-Aging	ZL 202111061045.6
Gentian Bifactor Anti Sensitivity Agent	Gentiana, Stephania	A Method for Preparing and Application of Gentian Bifactor Antihistamine	Anti-inflammatory, anti-allergic, soothes irritation, and supports antimicrobial action.	ZL 201910819806.6
<small>Gentiana/Decolorized Gentiana Anti-Irritation Factor /Hobefu JN1115-3</small>	Decolorizing Gentian	A Method for Preparing and Application of a Decolorizing Gentian Anti-Stimulus Factor	Anti-inflammatory, anti-allergic, soothes irritation, and supports antimicrobial action.	ZL 201911114611.8
Plant-Based Anti-Itch Agent Skin Relief	Houttuynia cordata, Gentiana scabra Gentiana scabra	Formulation, Extraction Equipment, Preparation Method, and Application of a Plant-Based Antipruritic Agent	Relieves itching and soothes	ZL 202010336068.2
Acne Clear	Wakame, Thyme	A Composition for Removing Acne and Method for Preparing the Same	Unclog pores, control oil, anti-inflammatory and antibacterial	ZL 201911331106.9
Plant Fungicide and Acaricide Concentrate	Clove, Chinese sumac Sophora root, Thyme	A Method for Preparing a Natural Antibacterial and Anti-Mite Agent	Antibacterial, anti-mite	ZL 201910044196.7
Mulberry Phenol White Mulberry Brightening Factor	Mulberry Bark, Raspberry Centella Asiatica Peony Bark	A Plant-Based Natural Active Whitening Complex Composition, Its Preparation Method, and Application	Brightening and spot-fading, anti-inflammatory, moisturizing	ZL 202010621277.1
Ginseng Enzyme	Clove, Chinese sumac Sophora root, Thyme	Integrated Production System for Ginseng Enzymes, Method for Producing Ginseng Enzymes Using the System, Ginseng Enzymes and Their Applications	Antioxidant and Anti-Aging	ZL 202110081151.4
Plant Sensitizer 1PLUS	Scutellaria baicalensis Sophora flavescens Glycyrrhiza uralensis	Anti-inflammatory Repair Composition, Method for Preparing the Same, and Applications	Repair skin barrier, anti-inflammatory, reduce redness	ZL 201811618420.0
Pine Red Plum Complex Extract	Lotus Water/Broomleaf Tea Tree Powder Stephania	Integrated Production System for Schisandra Chinensis Complex Extract Composition, Schisandra Chinensis Complex Extract Composition, and Its Preparation Method	Acne-fighting, oil-controlling, pore-minimizing	ZL 202110972305.9
Purslane extract	Purslane extract	Preparation Method and Application of Desalinated Purslane with TRPV1 Antagonistic Activity	Anti-inflammatory, soothing, moisturizing	ZL 202210359229.9
HoBeFu JN1115-1/-2	Inflated-fruit licorice Peony/Gentiana/Artemisia annua	An Itch-Relieving and Soothing Composition and Its Preparation Method	Relieves itching and soothes	ZL 202211278979.X
Oil Purification Formula	Sophora flower/Kudzu root Anemarrhena rhizome	A Composition with Comprehensive Topical Oil-Control Effects, Its Preparation Method, and Application	Balances oil production, cleanses the skin, and prevents infections.	ZL 202311575854.8

AI-Powered Customer Acquisition Precision Guidance

Full-Funnel Marketing Super Employee

Kinetic Energy Template

Combat Value

Automatically screen potential customers

Automatically identify multiple interested customers daily by real-time capturing audiences searching for relevant content on Douyin, Kuaishou, and Xiaohongshu, helping you find the customers you want.

Smart Interaction Engage Your Audience

Automatically like content from industry influencers and bloggers using multiple accounts to mimic genuine user interactions. Attract more followers and boost your brand's visibility.

Automatically generated Content

AI helps you craft compelling copy, repost trending videos, and automatically update multiple relevant videos daily. Generate industry insights and pinpoint store locations to attract more foot traffic.

Smart Customer Service Auto-Reply

Automatically respond to customer inquiries on Douyin, Kuaishou, and Xiaohongshu, recommend the [Traffic Boost Package] and [Customized Services], and guide customers to WeChat to boost conversion rates.

Intelligent Management Customer Relationship

Automatically update your WeChat Moments, engage with customers in a personalized way, and automatically connect with 200 clients daily to build efficient customer relationships and boost conversions.

COOPERATION STRATEGY

FACTORY ADVANTAGES

1. Quality assurance, all imported materials
2. Professional R&D team, safe and reliable
3. Class 100 sterile workshop certification
4. Wholesale pricing (no middlemen)
5. Endorsed by major brands, product reliability guaranteed
6. Partnership with Jinan University (Industry-Academia-Research Collaboration Base)
7. Collaborative partnerships with multiple brands
8. Professional R&D team, dedicated after-sales support (One-stop service from product to after-sales)
9. Comprehensive certifications (1000+ patents, product inspection reports)
10. ISO 9001/22716 international certification
11. Collaborations with renowned professors (domestic and international)
12. Partnerships with multiple hospital-grade chains
13. Genuine materials, guaranteed quality
14. Extensive Case Studies
15. One-Stop Supply Chain Solutions (In-House Cloud Warehouse/Full ERP Platform Integration)
16. Complete Cosmetic/Healthcare Device Classifications (1/2/3) & OEM Documentation
17. Insurance-Covered Products
